

Performing Biography

Born in West Virginia by the Ohio River. Raised in a small town next to Huntington WV. Started playing music for money in 1965 and the saga begins. Played in rock and soul bands through the 60's & 70's. Went to duo work and song writing in the mid to late 70's. Toured the northern USA from 1976 through 1980 in a duo called "Jack & Dodi the Two of Us." Started my single act in late 1980 in St. Petersburg, FL. Hit the road again and toured southern America from Tucson to Gainesville FL from 1983 to 1993. I decided not to travel nationally anymore and took my single act back to St. Petersburg FL. I have played beach resorts and other local spots from 1993 to 2018. I have seriously written and recorded music since 1983 and started producing music and music videos in 2014 and that continues as I type.
